

**Effective immediately, MVA Health Center, has implemented additional precautionary measures to reduce transmission of respiratory illness. Measures include increased screening precautions at the entry of our facilities.**

**If you are at a locked door, please come to the front of our facility, or call 304-366-0700 where someone will assist you.**

**We are limiting visitors, volunteers, and any non-essential entry into our facility to promote minimizing exposure.**

**Our staff will be contacting patients and rescheduling based upon our current protocol.**

**You can call directly into our facility at 304-366-0700 where we have a triage phone system set up to assist you.**

**If you are concerned about the possibility of having COVID-19, please do not walk into a health department, hospital emergency department, urgent care or other health care facility to seek testing or treatment. Before seeking treatment, you can call Mon Health at 304-385-3798 or Ruby Mars Line at 304-598-6000. If you are in distress call 911.**

**If you are seeking guidance about the COVID-19 virus, please call the WV DHHR Coronavirus Hotline at 1-800-887-4304. For more information about COVID-19, please visit the CDC website at <https://www.cdc.gov/coronavirus>**

**Thank you for your support and patience during this challenging time. Our goal is to provide the safest environment available by Communication, Minimizing Exposure, increasing our Infection Control Processes, and follow CDC guidelines.**
